SANDERO SANDERO STEPWAY

DACIA SANDERO STEPWAY

TAKING A BREAK EVERY DAY

A SENSE OF ADVENTURE

A single glance and you are already itching to escape with Sandero Stepway. Its dynamic front end, powerful wheel rims, new skid plates, and high ground clearance lend it the energetic and robust look of an authentic crossover. Its LED headlights, Y-shaped brand lighting signature and new glossy black grille

with white accents around the logo stretch the front end panel and add even more to its personality. Automatic headlighting and wipers⁽¹⁾ give you better visibility. Sandero Stepway, the adventurer that adapts to wherever you want to go.

THE POWER OF WHAT IS ESSENTIAL

Take a look at the completely redesigned Sandero, a combination of robustness and dynamic lines: simply stunning. Its front and rear Y-shaped brand lighting signature puts the finishing touches on a strong and modern identity. Its LED dipped headlights will light up the road at night like never before. The black radiator grille with white accents adds to its personality.

The Sandero spirit you love has also changed with even greater style in the details: the door mirror shells that match the bodywork are a good example. Their redesigned shape provides an optimum aerodynamic design and helps reduce the noise for the people on board.

TAKE CONTROL OF THE SPACE

Sanderó perfectly adapts to your life. And it has the resources, with its large boot and rear folding bench seat to adapt the space according to your requirements. It also comes with a lot of storage space: the cup holders, door storage pockets, closed glovebox and storage console perfectly meet your organisation requirements to help you get through urban turmoil.

The increased shoulder width for the driver and leg room for passengers sitting in back provide optimum comfort. Sanderó leaves no doubt about its welcoming atmosphere.

SAFE EVERY STEP OF THE WAY

For Dacia, nothing is more important than constantly improving the safety of our vehicles, and most of all, that of the passengers. You can relax with automatic emergency braking, hill start assistance, six airbags as standard and blind spot sensor. Dacia Sandero and Sandero Stepway provide everything you need for worry-free driving.

AUTOMATIC EMERGENCY BRAKING

Sometimes, concentrating and being reactive is not enough. You can rely on Sandero to avoid or mitigate minor accidents. Automatic emergency braking detects collision hazards. If you don't react or at least not quickly enough, the system triggers and optimises braking.

BLIND SPOT WARNING

It's difficult to see everything when you change lanes. Fitted with front and rear side sensors, your Sandero warns you about any collision hazard with another vehicle to the side or rear.

FRONT/REAR PARKING SENSORS AND REAR-VIEW CAMERA

In the city, all parking spaces are worth taking, even the narrowest ones. From the first manoeuvre, you will be convinced by this sensor which gives you both an audible and a visual warning of the slightest obstacle to the front or rear.

HILL START ASSIST

No need to stress when you start on a slope! This function immediately prevents the vehicle from moving backwards when you release the brake pedal. You no longer need the parking brake to help you; manoeuvring your vehicle becomes as easy as ABC.
